

INSTALLATION DIAGRAM OF SKYLIGHT SUNSHADES

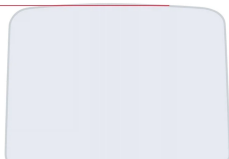

① Snap installation method

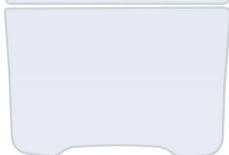

② Differentiation diagram of front and rear sunshades

[forward]

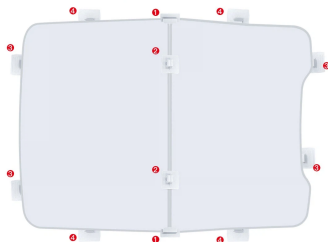

[back]

③ Schematic diagram of loading position

④ Schematic diagram of buckle installation position

back reflection

The No. 1 buckle in the middle should connect the front and rear pieces.

Frontal insulation

front

back

Interior location of the face:
Mesh super thermal insulation
and sun protection layer

The back side is like a
skylight, coated with silver
anti-UV layer
